

How to build a bug hotel

You will need:

- Wooden pallets

x4

- Bricks

- Plastic bottles*

- Bamboo canes

- Straw

- Leaves

- Tiles

- Cardboard

- Stones/pebbles

- Twigs/loose bark

*Use old plastic bottles for this, and always recycle after use.

- 1 Place a wooden pallet in your chosen location. On top of the pallet, line bricks around the corners and across the middle.

- 2 Place your next pallet on top of this and repeat the process for all of your pallets.

- 3 Cut off the top two-thirds of your bottles. Fill up half of them with bamboo canes and the other half with rolled up cardboard. Place these inside the hotel.

- 4 Fill in the remaining spaces with bricks, leaves, pebbles, stones, tiles, loose bark and straw.

- 5 Add in any extra materials that you want to recycle e.g. old pipes, carpeting, toilet tubes, old plant pots. Be creative - add a welcome sign or give your hotel a name!
