

Nature is full of great opportunities in turning natural objects into musical instruments...

Maracas

You will need

- An empty, clean tin can (with the label removed)

- A balloon

- Elastic bands

- A handful of seeds, rice, lentils, nuts or small stones

- 1 Put your loose materials into your tin can.

- 2 Stretch the balloon over the open end of the tin.

Be careful of sharp edges.

- 3 Once in place, secure it with elastic bands.

- 4 Give it go - shake your maraca!

Grass whistle

You will need

- A wide blade of grass

- Your two thumbs

- 1 Hold the grass taut between your thumbs.

- 2 Blow into the gap between your thumbs until you hear a whistle.

If you don't hear anything at first, try re-positioning the grass between your thumbs. Don't worry - it can take a bit of practice!
