Year 6`
Curriculum Overview
Autumn Term One
North America

English

We will be exploring the novel 'Holes' set in North America. We will be learning about different SPAG terms and using them in our writing. Our writing styles will include an informal letter, narratives, character descriptions, newspaper reports and instructions.

We will be focusing on handwriting and spelling through weekly spelling tests and handwriting practise.

PSHE

We will be looking at goals and aspirations for year 6, exploring being me in my world. The children will design a charter and learn about respect for one another and appreciating views and opinions.

RE

We will be learning about what type of text some Christians say Genesis I is, and its purpose. We will show understanding of why many Christians find Science and faith go together.

Geography

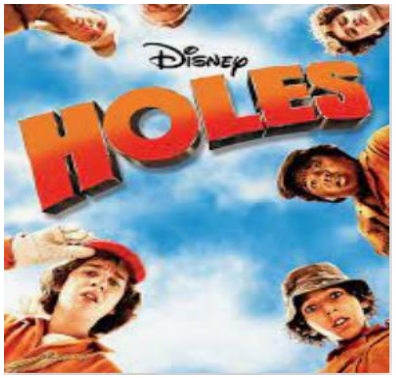

We will be learning about North America and the states in America. We will be looking at features of each state and how the area has changed over time.

Maths

We will be exploring numbers to 10,000,000. We will be comparing and ordering integers. We will explore common factors and multiples of numbers and also learning about long division. We will also be looking at problem solving and how to approach multi-step problems. Alongside this we will be practising our times tables and taking part in weekly arithmetic practise.

PE

This term we will be attending swimming classes at Evesham Leisure Centre. We will be developing swimming skills and learning techniques to use in the water.

Music

We are exploring rhythm and beats of cultural music whilst preparing and practising for Young Voices.

Science

We will be learning about the circulatory system and the functions of the heart. We will know how lifestyle can affect the way our bodies function.

Art

We will be studying the work of Betye Saar, an American artist who uses a style of art called assemblage – art made by putting different objects together that an artist has collected. We will be producing our own piece of assemblage art.

ICT

We will be looking at online safety and searching safely online using appropriate tools and search engines. We will also learn about social media and how to use it safely and appropriately.
